LET'S BE FRIENDS!

meet lizzie

I believe that marriage is one of the **greatest** and **most rewarding** adventures you will ever embark on! I married the love of my life, Marco, in March of 2014 and have been awestruck by the incredible blessing that marriage is.

When I'm not photographing, I can be found eating fancy pizzas, listening to Needtobreathe or Katy Perry, laughing with Marco, or traveling overseas with Market Colors, the nonprofit I lead. I believe any answer can be found with a good Google search and that friendship knows no distance.

I would be honored to be a part of your big day! To me, there is nothing more magical than capturing authentic photographs that reflect genuine beauty. I look forward to creating timeless, gorgeous, and unique wedding images for you and your family.
